EXPLANATORY NOTES

- 1

Investigate upgrades required and/ or possible relocation of the skate park to an alternate location in line with the Hepburn Shire 2020 Play Space Strategy.
- 2

Remove the existing aluminium shelter and picnic setting
- 3

Provide 2m wide DDA compliant concrete paths to increase access into and around the site. Consider organic shapes for the pathway alignment to reflect Lunar and establish an aesthetic identity for Pioneer Park. Consider installing lighting to the paths in a thoughtful manner to increase safety and usability.
- 4

Provide off-street car parking to increase accessibility of the site including accessible parking. Consider installing lighting in a thoughtful manner to increase safety and usability. Ambulance access needs to be incorporated with the car park design.
- 5

Establish a formal lookout point at the existing historical interpretive sign and historical marker. Provide seating for viewing opportunities and a sheltered picnic area. The development of the Lookout area shall consider formally naming the Lookout and using materials which are reflective of the history and character of Clunes and Pioneer Park. Provide interpretive signage to the existing historical marker and investigate the whereabouts of the marker's original plaque. Refurbish and/or relocate the historical interpretive sign if necessary and Investigate the addition of more interpretive panels. Consider installing lighting to the Lookout in a thoughtful manner to increase safety and usability.
- 6

Provide new seats with backrest and armrests and new bench seats with arm rests along new paths.
- 7

Refurbish and relocate existing furniture within the park to be along proposed paths. Investigate relocating the existing drink fountain. Relocate the Lunar Interpretive Sign to be closer to the sculpture.
- 8

Provide identity and wayfinding signage to the entrances of the park.
- 9

Investigate feasibility of trimming/maintaining height of vegetation to improve views across the township
- 10

Utilise existing open space and provide open lawn area. Improve current lawn to allow for increased usage and investigate the feasibility of providing irrigation.
- 11

Investigate the health and shape of existing trees and determine specimens to be retained, those to be relocated to another location on site and those to be replaced.
- 12

Remove the existing large shrub which restricts views.
- 13

Develop a tree planting palette which takes into account existing trees and the history of Pioneers Park. Consider feature tree planting to the Lookout and Lunar. Provide additional tree planting along proposed paths to create more shade and reduce the impacts of wind.
- 14

Provide additional trees around Lunar to complete the circular formation and establish Lunar as a focal point.
- 15

Provide feature garden bed planting to the Lookout, Lunar and entrance points along Ballarat-Maryborough Road and Templeton Street.
- 16

Consider developing and establishing a Clunes 'art walk' which includes cultural, historical and environmental points of interest and encourage Pioneers Park as a destination point.
- 17

Consider enhancing Pioneers Park's identity as a location for art and encourage additional permanent sculptural installations on site.
- 18

Provide built shelter structure and concrete pad to display the Baden Powell Cannon which is to be funded by others. Size required is 3000 x 3000x 3000mm.
